Hi Tom,

I hope you had an enjoyable Thanksgiving. I appreciate you forwarding the letters to me. I had seen the Corps' letter, but not the EPA letter. I agree it would be good to talk about this. Let me know when you're available. For me, tomorrow or next week would work.

Lisa

I know you are trying to keep a low profile on this BDCP project, but I thought I would keep you up on at least the latest developments. Just in case.

Attached are two final letters. One from your District Commander giving what I think could best be called a "conditional concurrence" with the Purpose Statement for the tunnels, and a second one from EPA back to the District questioning what they are doing in that letter.

At a minimum, one thing that is happening here is that a very long, convoluted record is being established that doesn't really reflect that well on any of the participants.

If you want to talk about this, feel free to call. No real rush, I think. I'm in and out of the office over the next two weeks. Have a nice Thanksgiving!
